EDUCATION

Bachelor of Computer Engineering
Institute of Engineering and Technology,
DAVV, Indore

08/2019 - Present

CGPA - 8.4

Higher Secondary Education, CBSC
Balaghat English Higher Secondary School,
Balaghat

2017 - 2018

82.6%

PROJECTS

Realtime Chatting Web Application

- A web application in which multiple users can join rooms and chat with one another, it will display when a user joins the chat and leave the chat as well.
- Tech Stack: Node.js, Express.js, Socket.io, Bootstrap.

Note Taking APP

- It is a web application which could be used by users to create their own to-do list and easily manage it, It can be tested using postman, deployed.
- Tech Stack: Node.js, Express.js, Local storage.

College Management Web Application

- Many colleges lack a proper website for college management, this web app provides the college admin, faculty & students all a great utility to use.
- Tech Stack: Node.js, Express.js, MySQL, EJS.

WORK EXPERIENCE

Full Stack Developer Trainee
Walkover

11/2021 - 12/2021

- This training included the skills which are required by a web developer for effectively writing, and summarizing the code, It also included the deployment of the project to the cloud platforms.
- Skills Learned: Git/GitHub, Front End Development, Database Management, Server Side Management, Object Oriented Programming, Cloud Deployment.

Martian Internship Program
Persistent Systems

05/2022 - 06/2022

- It is a program that helps students become industry-ready by making them learn one of the most essential and advanced subjects to become versatile web developer.
- Skills Learned: Operating Systems, Database Management System, C++, Computer Networks, Data Structures and Algorithms.

SKILLS

ACHIEVEMENTS

ICPC Regionalist 2020

Solved 400+ Coding Questions on LeetCode, GeeksforGeeks, Codechef, Codeforces

Cleared Campus Beats Challenge

Secured rank under Top 150 teams(700+ Teams), It's a National Tech Challenge conducted by ZS Associates

Served as Media Head at E-Cell, IET-DAVV

Learned various skills such as strategic thinking, data-driven decision-making, leadership, communication, and analytical skills.

CERTIFICATES

Mastering Data Structures And Algorithms

Learned about the most popular and useful data structures and algorithms for solving real-world problems and how to implement them using C and C++.

Advanced JavaScript

Learned various advanced concepts of JavaScript, how it actually works behind the scenes and what are the best practices to follow in JavaScript.

React.js Essentials Training

Learned about various important concepts of React.js library and what are the industry standard practices to create a web application using React.js.
